AFRICA RICH IN RESOURCES AND OPPORTUNITIES

In collaboration with the Embassies and High Commissions in Singapore

■ Angola ■ Egypt ■ Nigeria ■ Rwanda ■ South Africa

The second edition of this Africa e-Conference aims to bring to this virtual platform opportunities to use Africa as a sourcing and manufacturing base. It aims to start conversations for tangible business outcomes amongst businesses to leverage on untapped potential on the African continent.

To Register

Made in AFRICA II

Made in AFRICA II brings you the second edition of Investment Opportunities in the African continent which possesses a large population estimated to reach the 1.7 billion mark by 2030. It is the fastest-urbanizing region in the world with the highest number of youths brimming with ideas, creativity and skills, which will make the continent the workshop of choice in the world.

Singapore and Made in AFRICA II

The ties between Singapore and Africa have seen an upward swing, especially in the last decade. The Made in AFRICA II Conference aims to continue the dialog to bring more opportunities. During his first ever official visit to Africa for CHOGM (Commonwealth Heads of Governments Meeting) this year, Prime Minister Lee Hsien Loong said: "Singapore may be geographically far away, but we have many friends in Africa. Singapore's founding father Prime Minister, the late Mr Lee Kuan Yew, first visited Africa more than 50 years ago."

Business Made in AFRICA II

With 54 countries and the African Continental Free Trade Area (AfCFTA) in place, it brings a collective market of 1.3 billion people with a combined GDP estimated at US\$3.4 trillion. Singapore trade experts share about the potential impact of AfCFTA, including how it will boost Intra-African trade, manufacturing exports, job creation for the youth, and poverty alleviation.

African Missions and EnterpriseSG Made in AFRICA II

The Made in AFRICA II is supported by five African missions resident in Singapore – Angola, Egypt, Nigeria, Rwanda and South Africa – and is also supported by EnterpriseSG which has overseas offices in Ghana, Kenya and South Africa. Both the missions and EnterpriseSG have been acting as a gateway for businesses to the Continent.

Who and What to Expect

To be held on 31st August 2022, the government agencies and businesses share updates and experiences about how new entrants can produce in Africa for the ready-made market integrated to a greater extent by the AfCFTA. Singapore-Africa has witnessed many success stories. The Conference aims to address the concerns of SMEs interested in the market.

**High Commission
of the Republic of Rwanda
in Singapore**

Singapore, 13th June 2022

N° 101/RHC/SG/06/2022

Dear Distinguished Members of the Singapore Business Community,

As the Dean of the African Group of Ambassadors in Singapore, I am writing to share with you that Sun Media Pte Ltd, with our support is organizing a conference “**Made in Africa 2**” to be held in (July/ August 2022).

As you may know, Africa is rich in resources and offers competitive advantages for manufacturing and sourcing, in addition we have the African Continental Free Trade Area agreement signed recently to create single market covering trade in goods and Services within the continent.

The conference aims to share with both local and foreign business based in Singapore on the post-pandemic opportunities that can be tapped in Africa and to help interested parties known more about Africa’s potential in different fields of the economy.

Officials from Angola, Egypt, Nigeria, Rwanda and South Africa will participate in the conference to present investment opportunities and comparative advantages in the different fields.

Your valuable support and cooperation towards the success of this event will be highly appreciated.

Yours sincerely

Jean de Dieu Uwihanganye

High Commissioner of the Republic of Rwanda to Singapore

Dean of the African Group in Singapore
